

Living the Dream Crystal Lake, Sask.

Greetings to all Residents and Friends of the Crystal Lake Community:

There has been some interest shown among some of the residents of Crystal Lake to create a written history of the lake, its residents past and present and its many stories. A small group of volunteers has decided if such a project can become a reality.

The collections of information and memories would be under three different categories:

1. The factual history of each cabin and lot.
2. Fond memories or stories recalled by anyone while visiting the lake.
3. History and memories of the following:
 - Johnny's Beach
 - Crystal Lake Golf Course
 - Black's Beach
 - CCF - NDP Grounds and Hall
 - Swimming Lessons
 - Earliest Development of recreations at the lake
 - The Dance Hall
 - Church Camp

The committee plans to pass out a letter to each cabin at Crystal Lake, informing residents of the project and requesting any information they have on the history of their lot, and for any memories they may wish to share. There will be three ways to submit information:

- Send to Linda Michaud: Box 1557, Canora, Sask. S0A 0L0
- Send by email to Lori Dennis: ldennis@sasktel.net
- Submit into a collection box at the Crystal Lake Golf Course

The committee (Lori Dennis, Linda Michaud and Sandy Tokaruk) welcomes any assistance, or referrals of someone who may be able to provide valuable information on the history of Crystal Lake or join the team to see this project to completion.

The committee has sent a tentative deadline of October 31 for submissions.
